Located on the site of the historic Porter property, and celebrating over 40 years of living beauty, Tucson Botanical Gardens was recently named one of the top 10 North American Gardens worth traveling for by the Canadian Garden Council and the American Public Gardens Association. Among mature trees and expertly cultivated foliage, specialty gardens such as the Cactus & Succulent Garden, Barrio Garden and Herb Garden highlight the diversity of native plants while offering a lush oasis in the heart of Tucson. Tropical butterflies from around the world are featured in the Cox Butterfly & Orchid Pavilion from October to May each year. The Gardens also offers year-round tours, community events, classes, art displays, and international exhibits.

As a special service for members and admission-purchasing guests, and in partnership with Westward Look Resort, the Gardens is proud to host Edna's Eatery which features a creative, seasonal, scrumptious menu! Enjoy the southwestern flavors of Arizona while safely eating outdoors on our beautiful Xeriscape Garden patio. Or grab-and-go with a drink or snack as you continue your walk around the Gardens. And remember: when you buy a meal or snack at Edna's, you're helping us twice! Your purchase supports the mission and programs of the Tucson Botanical Gardens while providing a memorable dining experience for you and your group.

It's more than THE Gardens, it's YOUR Gardens. Please consider joining the Tucson Botanical Gardens family and becoming a part of an engaged community that loves Tucson, the desert and all that the southwest has to offer. A variety of different membership packages are available to fit your needs. Please ask about membership in the gift shop at the conclusion of your visit today!

The mission of the Tucson Botanical Gardens is to connect people with plants and nature through art, science, history and culture. For more information, please visit TucsonBotanical.org
